**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The specific limitation(s) of "...a cannon housing having...an outlet at a second end..." are not anticipated or made obvious by the prior art of record in the examiner's opinion. For example, EP 700703 teaches a body housing; a drive motor supported by the body housing; an operating trigger having a first unactivated position and a second activated position; a control circuit; a projectile cannon mounted on the body housing and having a cannon housing having an inlet and a firing ram. However, the prior art fails to teach a cannon housing having ...an outlet at a second end..."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
